Disposal Information

- Most of the packaging materials are recyclable. Please dispose of these materials through your local recycling depot or by placing them into appropriate collection containers.
- If you wish to discard this product, please contact your local authorities and ask for the correct method of disposal.

Important Safety Warnings

IMPORTANT: Read the assembly instruction section and safety precautions of this booklet carefully before removing the contents of this carton.

1. This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience or knowledge, unless they have been given supervision or instruction concerning the use of the appliance by a person responsible for their safety. Young children should be supervised to ensure that they do not play with the appliance.
2. Do not check the status of the filters whilst the cooker hood is operating.
3. Do not touch the light bulbs after use.
4. Do not disconnect the appliance with wet hands.
5. Do not disconnect the power supply by pulling on the cable.
6. Do not flambé underneath the range hood.
7. Avoid free flame, as it may cause damage to the filters and can be a fire hazard.
8. Unplug the appliance before carrying out maintenance, cleaning or replacing lamps.
9. If the power cord is damaged, it must be replaced by the manufacturer, an authorised service centre or similarly qualified persons to avoid a hazard.
10. For indoor use only.
11. It is recommended to operate the range hood prior to cooking.
12. It is recommended to leave the range hood in operation for 15 minutes after cooking is terminated in order to completely eliminate cooking vapours and odours.
13. Turn off the range hood when not in use.
14. Do not use the range hood if it is damaged, especially the supply cord and the case.
15. Do not immerse the range hood in liquid.
16. The exhaust air must not be discharged into a flue which is used for exhausting fumes from an appliance burning gas or other fuels.
17. Regulations concerning the discharge of air have to be fulfilled.
18. There shall be adequate ventilation of the room when the range hood is used at the same time as appliances burning gas or other fuels (not applicable to appliances that only discharge the air back into the room).
19. Clean the surface of the cooker hood regularly using a cloth moistened with denatured alcohol or a non-abrasive liquid detergent.
20. There is a fire risk if cleaning is not carried out in accordance with the instructions.
21. The range hood must be mounted at a minimum distance of 600mm above the cooking surface.
22. **CAUTION:** Accessible parts may become hot when used with cooking appliances.
23. **Warning:** Failure to install the screws or fixing device in accordance with these instructions may result in electrical hazards.

Appliance Details

Electrical Details

Model	ORC60MB	ORC90MB

Rated Power Input	283W	290W
Lamp Max	1 x 18W LED panel	1 x 25W LED panel

Note: The LED light is non user replaceable, it must be replaced by the manufacturer, its service agent or similarly qualified persons.

ORC60MB

ORC90MB

Installation Instructions

Warning: Failure to install the screws or fixing device in accordance with these instructions may result in electrical hazards.

The cooker hood should be placed at a distance of 60-75cm from the cooking surface for the best effect. See Pic 1.

Install the hook in a suitable place once the installation height is fixed, and keep it vertically aligned. The fixed position of the inside chimney bracket determines the location of the chimney. See Pic 2

Fix the outside chimney bracket on the outside chimney, and be sure that the inside chimney can be adjusted in height freely, as well as being able to fix the exhaust pipe (Not included in the rangehood). Afterwards, install the exhaust pipe and chimney on the cooker hood. See Pic 3.

Lift the cooker hood onto the hook. See Pic 4.

Adjust the height of the inside chimney to the position of the inside chimney bracket, and fix by screw. After adjusting the position, fix the body with safety screws. See Pic 5.

Pic1

Note: The two safety screw holes are positioned on the back casing, with diameter of 6m.

Installation Instructions

Before installation, please ensure the area is clean, to avoid suction of the remaining bits of broken wood and dust. The canopy hood cannot share the same air ventilation ducting as other appliances, such as gas and electric heaters.

The bending of the ventilation ducting should not be less than 120°, parallel or above the exit vent, and should be connected through the external wall.

After installation, make sure that the extractor is level to avoid grease collection at one end.

NOTE: Remove all protective plastic coatings from the stainless steel surfaces before use.

Operating Instructions

With the appliance fully installed and the power connected, the appliance can be used.

	Turn on/off power
	Turn on/off light
	Fan speed - low
	Fan speed - middle
	Fan speed - high

After connecting to power, indicator light will lit on, the rangehood will enter standby mode. The indicator light will be off automatically if no control button is pressed.

The default fan speed is low when power button is pressed. When a function button is pressed, its indication light will be on.

Cleaning

SAFETY PRECAUTION

Before cleaning your rangehood or performing any maintenance, please ensure that the rangehood is turned off at the power point.

Do not use abrasive cleaners to clean the rangehood. The use of warm soapy water and a cloth are recommended.

Ensure that the rangehood is cleaned regularly, as a build-up of grease and fat may occur otherwise. The filters on the rangehood must be cleaned regularly to maintain efficiency, and prevent grease build up. The filter mesh is made of a high density Stainless Steel. It is recommended that this is undertaken every 4 – 6 weeks, depending on frequency of use. The filters can be cleaned with warm soapy water or a cloth. Filters should be washed separately to crockery and kitchen utensils. It is advisable not to use rinse aid.

Cleaning of the rangehood must be performed as described above; otherwise there is a possibility of a fire hazard due to grease and fat build up.

Troubleshooting

Fault	Possible Cause	Solution
Light on, but motor does not work	Fan switch turned off	Select a fan switch position
	Fan switch failed	Contact Omega Service
	Motor failed	Contact Omega Service
Light does not work, motor does not work	House fuses blown	Reset/replace fuses
	Power cord loose or disconnected	Refit cord to power outlet Switch power outlet on
Oil Leakage	One-way valve and the air ventilation entrance are not tightly sealed	Take down the one-way valve and seal with sealant
	Leakage from the connection of U-shaped section and cover	Take U-shaped section down and seal
Lights not working	Broken/faulty LED lamp	Contact Omega Service
Insufficient suction	The distance between the rangehood and gas top is too far	Refit the rangehood to the correct distance
The rangehood inclines	The fixing screws are not tight enough	Tighten the hanging screw and make it horizontal

Australian & New Zealand Product Warranty Statements of Standard Warranty Conditions

Australian Customers

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

New Zealand Customers

Nothing herein contained shall be construed in any way as excluding or limiting your rights under the Consumer Guarantee Act 1993.

Our Warranty

This product is also covered by the manufacturer's warranty set out in this document (Our Warranty).

Our Warranty is for a period of twenty four (24) months from the date of purchase and for refrigeration appliances will have an additional thirty six (36) months after the first twenty four (24) months on the Sealed System (PARTS only) Compressor & condenser etc. The labour cost to replace these parts is the responsibility of the customer. This is in addition to (and does not exclude, restrict or modify) any rights or remedies to which you may already be entitled under the Australian Consumer Law or the New Zealand Consumer Guarantee Act 1993 relating to this product. Our Warranty (which is subject to the conditions below) covers rectification free of charge of any fault arising from defective materials or components, or faulty workmanship. The product will be repaired or replaced at the option of Omega, and all costs of installation, removal, cartage, freight travelling expenses and insurance are to be paid by the customer.

Our Warranty is subject to the following conditions:

1. That the purchaser contact Omega prior to any product repair.
2. That the purchaser carefully follows all instructions provided with the product and complies with all relevant electrical & plumbing regulations in their State when installing the product.
3. That the purchaser carefully follows the instructions provided in the owner's handbook relating to the proper use and care of the product and does not use the product for any purpose other than the DOMESTIC use for which it has been designed. If the appliance is used in commercial applications or for rental purposes, Our Warranty is limited to a warranty of Twelve (12) months covering all parts with Three (3) months on any labour cost of service or repair.

Service Area

The provision of service under Our Warranty is limited by the boundary / territory area of the nearest service centre. Travelling cost incurred for service outside this area is not covered by Our Warranty and service will incur commercial cost to be paid by the customer regulated by the number of kilometres travelled beyond

Contact Us Australia

the service area. These costs will be disclosed to you for acceptance by you prior to your claim being processed. Microwave ovens must be returned to your nearest Authorised Service Centre for repair as they are a carry in serviceable appliance.

What is Covered by our Warranty

During the warranty period, Omega or its authorised Service Centre will, at no extra charge, if your appliance is readily accessible without the need of special equipment and subject to the terms and conditions of this warranty, repair or replace any parts which it considers defective.

What is not Covered by our Warranty

1. Products installed damaged or incomplete or not in compliance with the relevant electrical & plumbing regulations in their State.
2. Normal wear and tear e.g. cleaning, light globes, filters etc.
3. Failure resulting from power surges and electrical storms.
4. Insect or vermin infestation.
5. Unauthorised repairs or use of non genuine Omega parts.
6. Any failure caused by the product not being used in accordance with the instruction and the installation manual provided with the product.
7. Misuse or abuse, including failure to properly maintain or service.
8. The clearing of blockages in pumps and hoses.
9. Damage which occurs during delivery or installation.
10. Claims to product surface coating due to liquid or solid spill-overs, accidental damage or damage caused from cleaning products not recommended by Omega.

How to Claim Our Warranty

While registering your warranty is not a requirement, for peace of mind you can register your warranty at omegaappliances.com.au.

To make a claim under Warranty you will need to contact Omega in Australia or New Zealand by using the contact details below.

If you are contacting Omega regarding any warranty claims and spare parts inquiries, please make sure you have the following information on hand:

1. Product Name/Model Number
2. Serial Number/s
3. Purchase Date (as per invoice or proof of purchase)
4. Purchased From
5. Warranty Registration Number (if registered)
