

NEW eSCOOTERS AND RIDEABLES GLIDE INTO THE GOOD GUYS

The Good Guys is introducing a faster way to get around this summer with an epic new range of eScooters and Rideables now available online and in selected stores from leading brands around the globe.

Listening to customers and responding to increasing demand for economical and reliable eScooters and Rideables in the market, The Good Guys set to work partnering with leading suppliers and brands to connect The Good Guys customers with the efficient and fun way to glide back into workplaces this summer.

From Monday, November 8, the exciting new range will be available to shop online and in selected The Good Guys stores.

DUCATI DELIVERS CONNECTED TECH Known for their sporting spirit, [Ducati](#) has launched their first electric scooter. [The PRO-I EVO](#) features an integrated User App developed by Italdesign to help monitor performance and function to make the trip to work or school fun, enjoyable and economical. With a light weight foldable design, 8.5" wheels with inner air tubes and a combination of dual brakes for greater riding comfort, the PRO-I EVO is the perfect companion to get there.

SAFER, EASIER AND READY TO GO User-friendly design is at the heart of [the Segway-Ninebot F25](#) KickScooter riding experience. The 300W motor provides the power needed to get from A to B, while the 10 inch highly elastic and anti-puncture tires simply make riding easier and more enjoyable. Take the quick way or enjoy the scenic route.

BACKPACK TO SIDE TRACK Time flies and so does [the Himo Electric Scooter H1](#). The sophisticated, delicate and foldable design of the aluminum alloy body makes this lightweight scooter the perfect fit to ride on or carry on as you head out on your next urban adventure. With a max speed of 18km/h and weighing only 13kg, the Himo Electric Scooter H1 helps every rider go their own way.

The Good Guys encourages customers to ride with caution and always wear a helmet and protective gear. When it comes to use, customers are encouraged to confirm the rules and regulations associated with the use of eScooters and Rideables in their respective State and Territory in Australia, as different rules and registration requirements may apply.
